

Human

Of all the many races of Pliara, the Humans are the newest known creatures to exist. In Pliara's original creation, Humans did not exist; however, in the year 3025, Humans began to emerge from the magical portal known as Corrow Lake. For years, the Range Dwarves, High Elves, and Wyld Elves of Corrow helped the wandering newcomers, providing them with food and shelter until they could build a civilization of their own. For years, the Humans kept coming from the lake, filling the ring-shaped islands of Corrow.

In 3031, six years after their first arrival, the Humans slaughtered the Elves and Dwarves of Corrow, planning an invasion of Pliara to conquer the lands in the name of Humans. The Druids of Corrow sent a message to Duror, whose armies were ready when the Humans' ships landed. A brutal war ensued, resulting in the Humans' being defeated and captured. Since then, the vast majority of Humans have spent their existence as slaves or servants - a lesser, subservient race to the civilized races of Pliara.

Standing anywhere between 4'10" and 6'5", Human skin tone varies from pale pinks to dark browns with varying degrees of body and facial hair.
